ABOUT ME

I'm a college student focused on building a career in web development. I enjoy turning ideas into functional and visually clean applications. I'm actively learning modern tools and improving my problem-solving skills, with the goal of becoming a reliable and efficient developer in a professional environment.

EDUCATION

2024 - 2026	Integrated Master of Computer Applications (IMCA) (2nd Year – Pursuing) Sankalchand Patel University, Visnagar
2023 - 2024	Course on Computer Concepts (CCC) (1 Year - Complete) Dr. Babasaheb Ambedkar Open University
2024	Higher Secondary Education Shree K. K. Gothi High School, Palanpur

EXPERIENCE

AI Experience

- Hands-on practice with AI tools (ChatGPT)
- Basic ML & NLP understanding
- Prompt engineering and AI-based feature implementation
- Learning AI integration in web applications

Web Development (Self Projects) | Fresher

- Developed responsive and user-friendly websites using HTML, CSS, and JavaScript
- Worked on basic frontend frameworks to build practical projects
- Gained hands-on experience in designing and structuring web pages
- Continuously improved frontend development skills through practice

SKILLS

- Web Design Tools
- Front-End
- AI Integration in Web Apps
- AI Tool Usage
- Prompt engineering
